

Section 620 – Water and Sewer Connection Charges

Section 620:00. Water and Sewer Connection Charges Established.

At the time that a new service connection is made to the municipal water and sewer mains, the customer shall pay to the City at the clerk's office upon receipt from the clerk of a bill therefore the sum of \$1,200.00 for the sewer connection and \$1,500.00 for the water service connection, plus the cost of the water meter. Penalty for non-payment of said bill shall be as provided in Section 615:00, Subdivision 4.

Section 620:02. Additional Sewer Connection Cost.

At the time a new service connection is made to the municipal sewage system the customer shall pay an additional \$1,500.00 to defray the cost of the installation, operation and maintenance of the city oxidation ponds and a sewage disposal system. Penalty for non-payment of said charge shall be as provided in Section 615:00, Subdivision 4.

Section 620:04. Inside/Outside City Limits.

All water and sewer ordinances relating to connection charges and other costs shall apply only to installations inside the City limits unless the ordinance specifically states otherwise. The connection charges and other costs for all installations outside the City limits shall be established by the City Council by ordinance or contract, as the need arises, with regard to the costs of construction, maintenance and use of the facilities.
