

# Appendix G

Flood Insurance Rate Map Panels

**NOTES TO USERS**

This map is for use in determining the National Flood Insurance Program (NFIP) flood insurance rates for areas subject to flooding, particularly from local drainage systems. It is not intended to be used for any other purpose, and is not a substitute for a professional engineer's or architect's flood insurance study. It is not intended to be used for any other purpose, and is not a substitute for a professional engineer's or architect's flood insurance study.

To obtain more detailed information in areas where Special Flood Hazard Areas (SFHAs) are shown, users are encouraged to contact the Flood Insurance Study (FIS) report for the community. The FIS report contains the Flood Insurance Study (FIS) report for the community. The FIS report contains the Flood Insurance Study (FIS) report for the community. The FIS report contains the Flood Insurance Study (FIS) report for the community.

Certain areas on the Special Flood Hazard Area map may be protected by flood control levees or flood walls. These areas are shown on the map as areas of special flood hazard. The map is not intended to be used for any other purpose, and is not a substitute for a professional engineer's or architect's flood insurance study.

The map is not intended to be used for any other purpose, and is not a substitute for a professional engineer's or architect's flood insurance study. The map is not intended to be used for any other purpose, and is not a substitute for a professional engineer's or architect's flood insurance study.

Flood elevations on this map are determined by the National Oceanic and Atmospheric Administration (NOAA). The map is not intended to be used for any other purpose, and is not a substitute for a professional engineer's or architect's flood insurance study.

The map is not intended to be used for any other purpose, and is not a substitute for a professional engineer's or architect's flood insurance study. The map is not intended to be used for any other purpose, and is not a substitute for a professional engineer's or architect's flood insurance study.

The map is not intended to be used for any other purpose, and is not a substitute for a professional engineer's or architect's flood insurance study. The map is not intended to be used for any other purpose, and is not a substitute for a professional engineer's or architect's flood insurance study.

The map is not intended to be used for any other purpose, and is not a substitute for a professional engineer's or architect's flood insurance study. The map is not intended to be used for any other purpose, and is not a substitute for a professional engineer's or architect's flood insurance study.

The map is not intended to be used for any other purpose, and is not a substitute for a professional engineer's or architect's flood insurance study. The map is not intended to be used for any other purpose, and is not a substitute for a professional engineer's or architect's flood insurance study.

The map is not intended to be used for any other purpose, and is not a substitute for a professional engineer's or architect's flood insurance study. The map is not intended to be used for any other purpose, and is not a substitute for a professional engineer's or architect's flood insurance study.

**LEGEND**

**SPECIAL FLOOD HAZARD AREAS (SFHAs) SUBJECT TO FLOOD INSURANCE RATES**

**Panel A: Special Flood Hazard Areas (SFHAs)**

- Panel A: Special Flood Hazard Areas (SFHAs) - Areas subject to flooding from a river, stream, or other body of water.
- Panel A: Special Flood Hazard Areas (SFHAs) - Areas subject to flooding from a river, stream, or other body of water.
- Panel A: Special Flood Hazard Areas (SFHAs) - Areas subject to flooding from a river, stream, or other body of water.

**Panel B: Flood Insurance Rate Zones**

- Panel B: Flood Insurance Rate Zones - Areas with different flood insurance rates.
- Panel B: Flood Insurance Rate Zones - Areas with different flood insurance rates.
- Panel B: Flood Insurance Rate Zones - Areas with different flood insurance rates.

**Panel C: Other Flood Hazards**

- Panel C: Other Flood Hazards - Areas with other types of flood hazards.
- Panel C: Other Flood Hazards - Areas with other types of flood hazards.
- Panel C: Other Flood Hazards - Areas with other types of flood hazards.

**Panel D: Infrastructure**

- Panel D: Infrastructure - Features like roads, bridges, and levees.
- Panel D: Infrastructure - Features like roads, bridges, and levees.
- Panel D: Infrastructure - Features like roads, bridges, and levees.

**Panel E: Map Scale and Orientation**

- Panel E: Map Scale and Orientation - Scale of 1 inch = 100 feet.
- Panel E: Map Scale and Orientation - Scale of 1 inch = 100 feet.
- Panel E: Map Scale and Orientation - Scale of 1 inch = 100 feet.

**Panel F: Effective Date and Other Information**

- Panel F: Effective Date and Other Information - Effective date of August 16, 2011.
- Panel F: Effective Date and Other Information - Effective date of August 16, 2011.

NOTES TO USERS

This map is for use in determining the National Flood Insurance Program. It does not constitute a warranty of insurance coverage. It is not intended to be used for purposes other than those for which it was prepared. It is not intended to be used for purposes other than those for which it was prepared. It is not intended to be used for purposes other than those for which it was prepared.

Special Flood Hazard Areas (SFHA) are areas that are subject to flooding from sources other than wind-driven waves. The SFHA are shown on this map. The SFHA are shown on this map. The SFHA are shown on this map.

Map scale: 1" = 600'. Panel 0219E. National Flood Insurance Program. Effective date: August 16, 2011.

**LEGEND**

**SPECIAL FLOOD HAZARD AREAS (SFHA) SUBJECT TO FLOODING FROM SOURCES OTHER THAN WIND-DRIVEN WAVES**

**Zone A** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone B** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone C** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone D** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone E** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone F** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone G** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone H** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone I** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone J** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone K** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone L** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone M** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone N** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone O** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone P** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone Q** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone R** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone S** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone T** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone U** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone V** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone W** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone X** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.

**Zone Y** - Areas subject to flooding from 1% annual chance flood (ACF). The SFHA are shown on this map.
